Teachers' Notes

The **Essential Phonics** series is designed for use with students working at middle primary levels and for older children that struggle with spelling and reading basics. The activities are designed to help children identify and distinguish the many combinations of consonant sounds (graphs, digraphs and trigraphs) that make up the English language. It contains a range of concrete worksheets and review sheets that will aid children in their spelling and reading. This book can be used on its own or in conjunction with other existing phonic programs.

This book can be used by teachers, parents and/or tutors, and in a variety of ways:

- Fitted into your daily or weekly literacy program;
- Used to help children who are struggling with spelling or reading;
- As revision work sheets;
- In conjunction with a language program or other phaic programs;
- Homeschooling;
- Tutoring.

How you choose to use the book will vary depending on the child or students you are working with.

There is no set order that needs to be follow to be used to work through this book from the beginning to the experimental phonic order as it is set out, or select specific source are by that the children are experiencing difficulty with.

Which ever way you choose to the activities, the book will prove to be an asset not only to you, but to the activities the book will prove to be an asset not only to you, but to the activities the book will prove to be an asset not only to you, but to the activities the book will prove to be an asset not only to you, but to the activities the book will prove to be an asset not only to you, but to the activities the book will prove to be an asset not only to you, but to the activities to be an asset not only to you, but to the activities to be an asset not only to you, but to the activities to be an asset not only to you.

If the book is used for a large who are clearly experiencing learning difficulties with their spelling and reaching, it is recommended that you try working through the sheets using the direct teaching method as outlined on page 5.
